DUO-SPLIT

Short Term Hemodialysis Split Tip Catheter
Medcomp® has once again advanced catheter technology by introducing the Duo-Split® Short Term Dialysis Catheter. The unique Split Tip technology with open distal tip design provides increased flow and patency rates. By incorporating a dual “Fast Track Stylet” system, healthcare professionals can follow standard insertion techniques for a fast and less invasive insertion. Finally, clinicians and patients can receive the benefits, proven from the Split Cath® long term dialysis catheter, in the short term Duo-Split® dialysis catheter.

**SPLIT TIP**
- Open tip design allows for greater flow and improved patency when compared to standard tapered tip temporary catheters.
- The first split tip short term catheter.
- Dual stylets allow standard insertion technique.
Medcomp® has once again advanced catheter technology by introducing the Duo-Split® short term dialysis catheter. The unique split Tip technology with open distal tip design provides increased flow and patency rates. By incorporating a dual "Fast Track stylet" system, healthcare professionals can follow standard insertion techniques for a fast and less invasive insertion. Finally, clinicians and patients can receive the benefits, proven from the split cath® long term dialysis catheter, in the short term Duo-Split® dialysis catheter.

### CATHETER OPTIONS

- **Lengths**
  - 12cm
  - 15cm
  - 20cm
  - 24cm
  - 30cm

- **Configurations**
  - Straight
  - Pre-Curved
  - Raulerson IJ

- **Kits**
  - Catheter Only
  - Basic Set
  - Full Tray

---

**Up to 30cm catheter length**

**Raulerson IJ**

**Straight**

**Pre-Curved**

### Catheter Only Components

- (1) Catheter w/Dual Stylets
- (2) Injection Caps
- (1/2) Vessel Dilator(s)

### Basic Set Components

- (1) Catheter w/Dual Stylets
- (2) Injection Caps
- (1) Introducer Needle
- (1) Guidewire
- (2) Vessel Dilators
- (1) Adhesive Dressing

### Full Tray Components

- (1) Catheter w/Dual Stylets
- (2) Injection Caps
- (1) Safety Introducer Needle
- (3) Safety Hypodermic Needles
- (1) Guidewire
- (2) Vessel Dilators
- (1) Adhesive Dressing
- (1) Safety Scalpel
- (2) CSR Wraps
- (4) 4" x 4" Gauze Pads
- (1) Chloraprep
- (1) 5cc Syringe
- (1) 10cc Syringe
- (1) 5cc Ample Lidocaine
- (1) Set, Surgical Gloves
- (1) 2-0 Silk Sutures
